NOTES:

1. Loads indicated are totals superimposed service loads in lbs/ft².
2. Design confirms with ACI-318-99 and CSA 23.3-94.
3. For higher loads than indicated - contact manufacturer.
4. Live load deflection is less than L/360.
5. The camber values provided are only estimated and should not be used as absolute values. Always contact manufacturer, if camber is a concern.
